Tuesday 16th September 2025

Dear parents and carers,

To provide the children with an exciting writing stimulus in Autumn term, we have invited Animal Club into our school for a full day of sessions on Thursday 2nd October 2025. Following this visit, the children will write a recount about their experience that will form part of their English lessons for that week. The sessions are designed to give hands-on experience with a variety of animals, including mammals, reptiles, insects and spiders! Not only will this be a fun and unique experience for the children, they will also be making links to many areas of their learning, and be encouraged to take an active interest in the well-being of animals and their environments.

"At Animal Club our mission is to love, learn, and respect animals through compassionate care and continued education. We are dedicated to providing safe, humane, and expert animal handling services that prioritise the well-being of the animals."

The Animal Club sessions will take place in school, and we are asking for a contribution of **£2 per child.** Whilst the contribution is voluntary we must point out that if sufficient funds are not met then the visit will not go ahead. *Section 460 of the Education Act explains that schools may request or invite a voluntary contribution for the benefit of the school or any school activities.*

Please log into MCAS to give permission for your child to attend and to make your payments.

Rest assured that children will not be made to touch or hold any of the animals unless they are comfortable to do so. **Please inform us via email** (info@mpsmat.org) **if there are any animals that your child is allergic to.** For more information about Animal Club, you can visit their website at https://animal-club.co.uk/

Yours sincerely,

Sinead
Year 6 teacher and Writing Lead
