Impact of Sports Premium Funding 2021-2022
Allocated £19,170 Spent £19,170

Use of funding	Cost	Impact	Next steps
PE Subject Leader worked alongside Maritime Academy Trust to organise tournaments so that there were regular sport competitions across the Trust. For example an inter school bench ball, netball and football tournament.	£2000 Transport, venue and staff	More competitive sport that has begun to lead to a greater showing at local and national competitions.	Continue to develop this with particular focus on competitions with Timbercroft and St Mary's
Sports coaches have continued to run lunchtime sports clubs, targeting less active children across both Key Stages.	£5000	A greater percentage of children have participated in physical activity during school.	Continue for 2019-2020
We have increased our after school clubs provision, trying to engage children who may not otherwise participate in sport.	£3000	Children have been encouraged to undertake different sports activities. There is now a greater percentage of children participating in physical activity after school.	Continue for 2019-2020
Greenwich Peninsula Football Academy have offered After School Football club sessions as well as weekend football training sessions and matches – for both boys and girls in KS1 and KS2.	£3000	Children have become more involved in football. Girls have the option to join an all-girls or mixed team in order to increase confidence.	Continue for 2019-2020
Development of staff knowledge and expertise in teaching PE has been addressed by providing staff with professional development opportunities. These have included staff working alongside the PE Subject Leader and introducing an LSA as a dedicated PE teacher.	£2670 Training	Higher quality teaching and learning and even better outcomes during P.E lessons for the children.	Continue to train all staff in teaching PE lessons. Develop the role of PE LSA to ensure high quality sport.

Our PE Leader was able to collaborate with staff from the Maritime Trust of schools in order to compete in elite sports events.	£1500 Venue and Staff Training	Children have had the opportunity to compete in a healthy environment in a range of challenging activities to promote a healthy lifestyle.	Further develop this partnership in 2019-2020.
We will continue to develop the range of sports equipment within the school. Identifying the equipment which needs to be replenished or replaced via annual audits.	£2000	Children have had the opportunity to learn and participate in a wider range of sports and activities.	Continue for 2019-2020.
