Executive Headteacher: Miss Rachel Mollett

Tuesday 13th January 2026

Dear parents and carers,

As part of our Science learning on *Everyday Materials*, Year 2 will be going on a local walk to **Southern Park and the Peninsula** to explore different objects and materials in our environment.

The walk will take place on **21st January 2026 from 1:30 pm**.

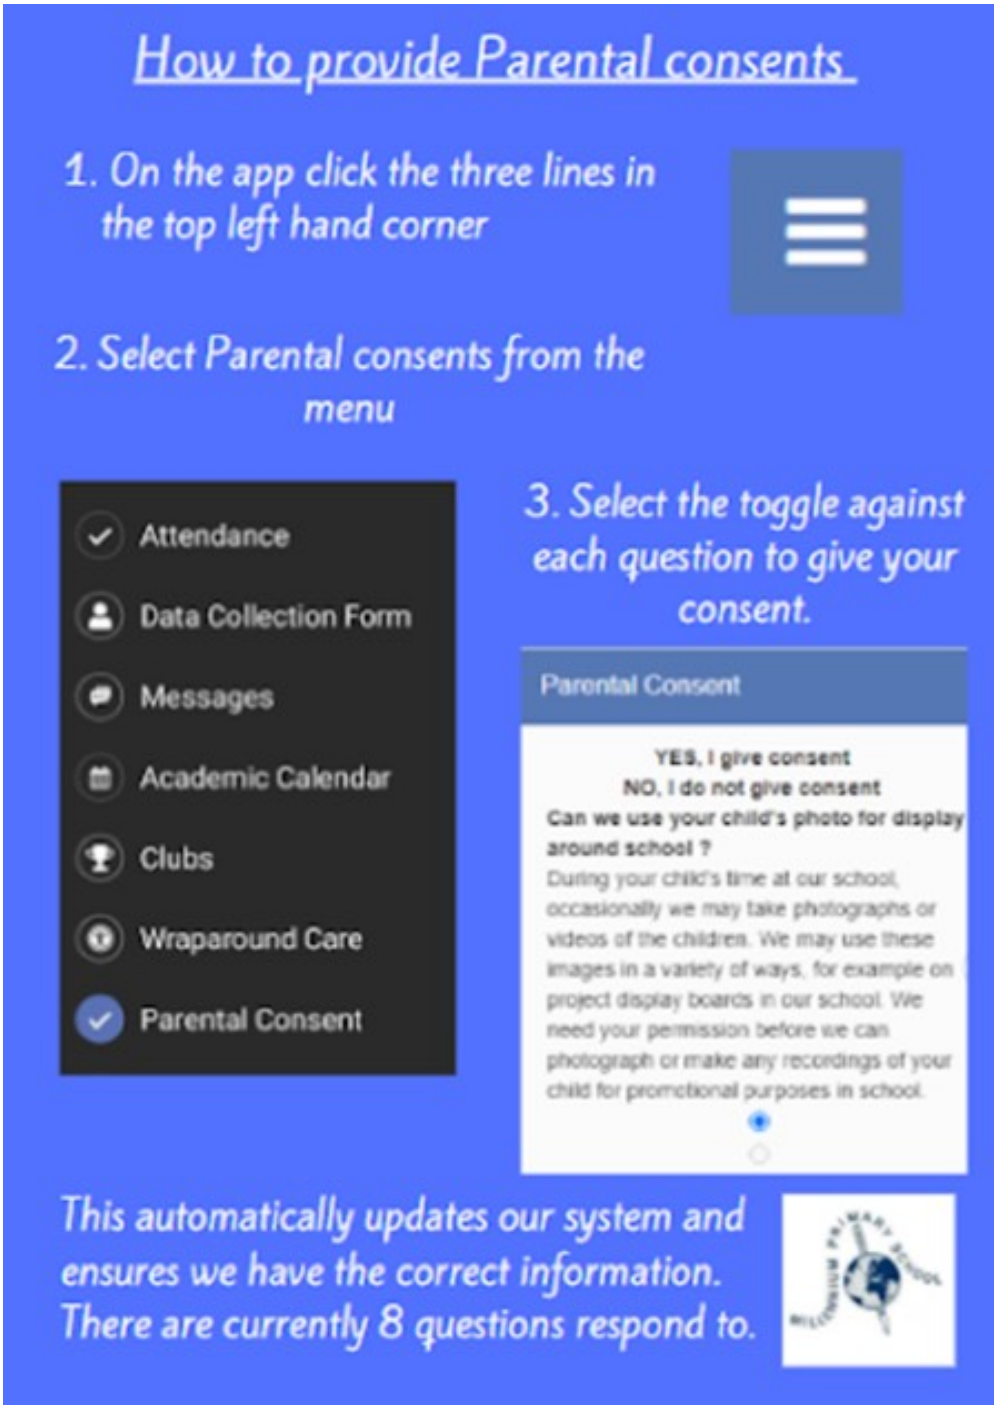

We will be out of school for approximately **1 hour and 30 minutes**. Children will eat their lunch **at school before we leave**.

There is no cost for this trip and as it is a local trip (within walking distance) most of you have already provided consent via MCAS. If you have not done so, please log into MCAS to update the consents for your child. Please see the bottom of this letter for directions on how to do so. Alternatively you can email us at info@millennium-maritime.org stating your consent for this trip.

Children must wear comfortable walking shoes for health and safety reasons and a warm, waterproof coat. The children will be outside for the duration of the walk so we encourage them to wear plenty of layers as well as hats and gloves.

We require parental support on this occasion. If you are able to help on the trip, please email the school office at info@millennium-maritime.org and this will be passed on to the class teachers.

Yours sincerely,
Dina and Gracie
Year 2 Class Teachers

How to provide Parental consents
1. On the app click the three lines in the top left hand corner
2. Select Parental consents from the menu
Attendance
Data Collection Form
Messages
Academic Calendar
Clubs
Wraparound Care
Parental Consent
3. Select the toggle against each question to give your consent.
Parental Consent
YES, I give consent
NO, I do not give consent
Can we use your child's photo for display around school ?
During your child's time at our school, occasionally we may take photographs or videos of the children. We may use these images in a variety of ways, for example on project display boards in our school. We need your permission before we can photograph or make any recordings of your child for promotional purposes in school.
This automatically updates our system and ensures we have the correct information. There are currently 8 questions respond to.
